Packing Tips

Handy Items

Ziploc and trash bags are very useful for separating personal items in your dry bag such as medications, shampoo, soap, wet items, and dirty laundry. Wet wipes are great for washing your face, wiping your hands, and cleaning sand or dirt off of personal belongings. Pack a few clothespins and rope to dry clothes while on the river. Remember, on the river it is better to have it and not need it than to need it and not have it! All of these items *can* be invaluable and do not take up much space or add much weight to your luggage.

Carabiner

Carabiners are very handy in the outdoors as well as back home. Their oval shape and simple gate mechanism allow you to easily clip your water bottle, camera, hat ~ just about anything ~ nearby.

Extra Snacks

We provide snacks throughout the day, but is a good idea to bring extra snacks for children, for individuals who have snack preferences, or for those who may be diabetic.

Beverages

Each boat has an ice cooler for "personal" drinks such as soda, juice, beer, wine, etc. Since there are no stores along the river, we recommend bringing more than you anticipate needing. Please do not bring glass. SGE provides water, available to you all day long, with lemonade, Gatorade, and iced tea mixes.

COOL WEATHER ITEMS (March, April, May, September October & November) Extra set of wool or fleece jacket & pants

- Extra wool or fleece socks
- Wool gloves
- Wool or fleece hat
- Polypropylene long underwear

- Neoprene gloves & booties

SAFETY, ASSUMPTION OF RISK AND, INSURANCE: We maintain a 35-year excellent safety record. However, all outdoor experiences involve risk and we all must recognize that accidents or illnesses may occur. We cannot guarantee your safety. We place final responsibility for your safety firmly on your shoulders where it belongs. You have to pay attention to what you are doing. Mother Nature controls the water level, the weather and, the elements, so there is a risk involved in rafting and camping. Before your trip departs, you will be asked to sign an Assumption of Risk and Release Form. If you have questions regarding this document or would like to see one ahead of time, please feel free to request it. We assume no responsibility for injury to trip members, their personal belongings, or for time and expense incurred. **We strongly recommend Travel Insurance, which covers vacation losses and accidents and provides a refund if you have to cancel your trip.**

NON-PERFORMANCE

We make every effort to follow through on our plans. However, we reserve the right to make changes in the itinerary or possibly cancel a trip if necessary including but not limited to weather conditions, water fluctuations, insufficient reservations, changes in international relations, or other factors beyond our control. If cancellation is necessary, your money will be refunded. Our financial liability shall be limited to the amount actually paid and shall not be extended to cover any other costs incurred by the trip member.

HEALTH ISSUES

If you are of an adventurous spirit and in reasonably good health, you should have no problem enjoying any of our trips. It's not necessary to be an athlete to participate in a river expedition. It is several hours to the nearest medical center however. If you take medication you should bring a good supply and inform your guide of all medication that you are taking. When you meet your guide, you should discretely explain any medical conditions you may have or be concerned about including allergies to bee stings, etc. Each guide carries a first aid kit and will need to know if specific medications should be stored. It is also helpful to know about other health issues when planning activities for the day. Pregnant women and anyone with heart trouble should have their physician's approval before taking a river trip.

The town of Moab is nestled in a valley with the 12,000 foot La Sal Mountains on one end and the mighty Colorado River on the other.
