Moab, the only Utah town located on the Colorado River, is in the heart of the Colorado Plateau. Its remote location and unmatched scenery make it the premier multi-sport destination in the United States, and many consider it to be the "Adventure Capital" of the world.

The area is a paradise for outdoor enthusiasts as well as a geological wonderland. The town of Moab is nestled in a valley with the 12,000 foot La Sal Mountains on one end and the mighty Colorado River on the other. All of this is surrounded by 1,000 foot red rock cliffs and breathtaking, rugged desert terrain.
